***The City of Mount Airy provides this list as a courtesy to our customers. The City has worked with these North Carolina certified Backflow Prevention testers in the past, but makes no guarantee or warranty as to the quality of work. There may be other certified backflow prevention testers available. If you choose to use someone who is not on the list, they must contact Chris Mallory to provide verification of their certifications prior to testing.***

***We recommend that you call more than one tester and compare prices. Customer should also inquire about additional fee such as for repairs (cleaning or rebuilding) and re-testing.***

Chris Mallory
