July 13, 2022

City of Mount Airy
Stan Farmer, City Manager
300 South Main Street
Mount Airy, NC 27030

Dear Mr. Farmer:

I am pleased to inform you that on June 14, 2022, City of Mount Airy was approved by the North Carolina Department of Labor – Occupational Safety and Health Division for continued participation in the Public Sector Star Program. I have enclosed the most recent evaluation report. The City of Mount Airy defined their responsibilities in terms of safety and health expectations. Each individual of the company is held responsible for adherence to all company safety guidelines. It is quite obvious that your site makes safety and health practices a vital part of your company's operations.

City of Mount Airy has been removed from our programmed inspection list for the duration of your participation in the Public Sector Star Program. Please remember, however, that participation in the Carolina Star Program does not diminish any of the rights and responsibilities provided to you and your employees under the Occupational Safety and Health Act of North Carolina.

We are excited and look forward to the continued working relationship between City of Mount Airy and the North Carolina Department of Labor. Together, we can promote safety and health at your worksite, throughout your community, and the state of North Carolina. I congratulate you and your employees on the excellence of your safety and health program.

Sincerely,

LaMont D. Smith
Recognition Program Manager
